# APPEARANCES SPECIAL GENERAL COUNSEL TO THE PUBLIC SERVICE COMMISSION: JONATHAN D. GOLDBERG Goldberg & Simpson 3000 National City Tower 101 South Fifth Street Louisville, Kentucky 40202

1 The sworn statement of DAVID J. 2 BARBERIE, taken telephonically in the offices of the Public Service Commission, 211 Sower Boulevard, 3 Frankfort, Kentucky, on Friday, the 12th day of August, 2005, at approximately 1:35 p.m. 5 6 7 EXAMINATION 8 9 BY MR. GOLDBERG: 10 Q. Could you state your full name. 11 Α. David Jeffrey Barberie. 12 And your business address? Q. 13 200 East Main Street, Department of Α. 14 Law, Lexington, Kentucky, 40507. 15 All right, sir. And what is your 0. 16 occupation? 17 Α. I'm corporate counsel for the 18 Lexington-Fayette Urban County Government. 19 Okay. And how long have you been in Q. 20 that capacity? 21 Α. About five and a half years. 22 Q. All right, sir. Are you familiar with 23 the Commonwealth of Kentucky Public Service 24 Commission? 25 Α. I am.

- Q. All right. With regard to matters
  before the Public Service Commission, what role have
  you played?
- I'm trying to recall exactly what year Α. this would have been. I would say from possibly the 5 6 first year I began practicing in the state of Kentucky for the Urban County Government, which would 7 have been the year 2000, I started to have a role in 8 9 representing, either as a joint counsel or as sole 10 counsel for the Urban County Government, its 11 participation in Public Service Commission cases that 12 it felt it had an interest in.
  - Q. All right, sir. With regard to that, I will represent to you that in November of 2003, LG&E and KU, Kentucky Utilities, filed a notice of intent to seek a rate adjustment. Do you have a recollection of that?

- A. I have a -- I have a general recollection. I don't know if we found out about it exactly when it was filed, but it certainly would have been in short order after it was.
- Q. Okay. Well, tell me what participation you had after the case was actually filed, which actually would have been December of 2003.

A. My recollection is we probably found out -- well, I may have actually read about it in the newspaper because the newspaper probably picked it up, although I'm thinking it was probably the very end of November that there was any indication that there might be a filing, at least publicly. Shortly after it was actually filed and we became formally aware that there was such a case, the Urban County Government moved to intervene as a party -- as a full intervener in the action.

1.8

- Q. All right, sir. Prior to the intervention by Lexington-Fayette County Government, had you had any contact with any other intervener about the rate cases, to your knowledge?
- A. I don't -- I don't believe so. It's possible that someone working for the law firm that represents Kentucky Utilities gave us some sort of heads-up that they were going to file something, but that -- I don't know that they did off the top of my head. And if it was, it was more of "we're going to file this," and there was no substantive conversation about what it entailed or anything like that.
- Q. All right, sir. Let me ask you that same question. Did you have any contact with any person from -- representing Kentucky Utilities or

1 Louisville Gas & Electric?

1.3

- A. What time frame are we talking about?
- Q. Prior to --
  - A. I don't -- I don't think so.
- Q. All right, sir. Is there anybody besides yourself assigned to the rate cases?
  - A. At that time --
  - Q. Yes, sir.
  - A. -- generally, I would have been the primary person. We have a director of litigation, Leslie Bowman, and a commissioner of law, David Holmes. Those were the same people at that point in time. And if for some reason I was not the first person in the department of law to find out about it, it's possible that they would have at least been provided a copy of the application, for instance, at the same time or possibly before I was.
  - Q. To your knowledge, were you the only person from Lexington-Fayette County Government legal team to make an appearance before the Public Service Commission on these rate cases?
  - A. To my knowledge, I was the only one that appeared in person over there. I don't recall whether or not Leslie Bowman also signed off as a signatory on some of the pleadings. Her name likely

appears at least on some of them, but with respect to actually going over to the Public Service Commission,

I believe that I was the only one.

- Q. Okay. I would like now for you to think about the time frame between the time the rate adjustment was filed, which we can call the end of December 2003, until April 28th, 2004, which is the date of the informal conference on the two rate cases. Using that as a time frame, can you tell me what work you performed on the rate cases during that period of time, if any.
- A. The period of time before the actual conference was scheduled for?
  - Q. Yes.

A. We -- we had a number of meetings, some of which I really can't get into the content because of attorney/client, but we had a number of internal meetings involving our staff to decide what issues we wanted to focus on in this particular case with respect to what the Urban County Government's interests would be. I believe we propounded possibly more than one round of discovery on the -- on the utility company. Off the top of my head, I do not think, although it's possible -- I'd have to go back and look at my file. I don't think we propounded

discovery on any other party in the case. And right now I -- I didn't go back -- and let me tell you why I didn't go back and look at my file, because until the words "we think there's been some sort of ex parte," whatever, came out of the assistant attorney general's mouth at the -- at the hearing, I had no reason to think that anything like that was allegedly going on.

anything on this stuff, none of them were -- were couched towards keeping -- observing some -- something like that going on. So I didn't think it was a high value for me to go back and look at my file. If I had to, I might be clearer on the amount of discovery we did. But in sum, we did a -- at least a moderate amount of discovery prior to the hearing.

- Q. Did you prepare and file any expert testimony on behalf of your position?
  - A. We did not.
- Q. Okay. Did you have any contact with any members of the staff or the commission members themselves between the time of the filing of the rate adjustment cases and April 28, 2004?
  - A. I don't believe so. Sometimes from

time to time in my -- in my commission practice I may contact the attorney of record to ask them, for instance, a procedural question of how long something might take or something like that. But in this particular case, I don't -- my impression was I was anticipating it possibly taking several weeks, and it was a surprise to me when it looked like it might be on track to actually not have a hearing when I got over there. So I -- I don't think there was any contact between myself. And if there was, it would have been between myself and -- and one of the staff people over there. I've never had a direct contact with any commission member over there. Nor, frankly, other than sending stuff to file under general cover letter, have I ever had a contact with the executive director over there either.

- Q. All right, sir. April 28, 2004, the date of the informal conference, did you attend that?
  - A. Yes.

  - Q. Okay. Let me see if I can refresh

your recollection. April 28th was an informal
conference to get organized on how the hearing
procedures would be. May 4th is the first date of
actual hearing.

- A. Okay. I believe -- to the best of my knowledge, I did attend the informal conference.
- Q. All right, sir. Now, it's my understanding that in addition to getting organized that day that there were some settlement negotiations. Did you participate in those?
- It -- I'm not trying to be obtuse, Α. it's just I'm -- I think at this point in time I'm running together when the official proceedings started versus when it -- you know, what date the actual hearing was to take place on versus the informal conference. I did participate. I was present in the room when there was a general discussion which, to my observation, appeared to include everyone that I believe to be a party of record in the case. There was a general settlement discussion and -- and along the lines of whether or not this -- this particular case -- or I guess technically it was two cases, were in a position to possibly settle. And by my recollection, that took place over probably the period of almost an entire

1 day.

- Q. All right, sir. But am I
  understanding you cannot discern in your recollection
  whether it was April 28th, date of informal
  conference, or one of the hearing dates the
  following --
  - A. To the -- Now that we're sitting here talking about it, my recollection is that prior to the date the hearing was actually supposed to take -- and the only thing I'm not clear on in my mind is whether -- I will take your word that April 28th was the day of the informal conference. I was over there the week before for an informal conference, at which time there was a general discussion about potentially settling the two cases.
  - Q. All right, sir. Was everybody -- all parties, LG&E/KU representatives and interveners in hearing room 2 during those discussions?
  - A. Once again, I was not looking specifically to see if everyone was in the room because I did not realize that there was going to be an ex parte issue. But to the best of my recollection, to the extent I was aware of there being parties in the case, I believe that all of the parties that I was aware of were -- were in the room

1 during the discussions.

- Q. All right, sir. And what is your best recollection on how long those discussions went on?
- A. It seemed to be that they -- I believe it would have been the greater part of a day, if not -- and this is where my memory is going to get fuzzy on when the conferencing took place versus when the hearing actually was scheduled to take place.

  It's possible that the actual informal conferencing took place over a number of days. But to my knowledge, it was a lengthy period of time.
- Q. All right. Did you yourself have any conversations with staff members about the rate cases that did not take place in the negotiation room, hearing room 2?
  - A. No.
- Q. Okay. I will represent to you that there were discussions amongst the parties the next day, April 29th. Do you believe you attended those discussions?
- A. I believe that was -- I believe that in large part, with the exception of potentially leaving at some point in time when these things -- when there was conferencing going on well into the evening and I was satisfied that the -- the interests

- of my client was going to be preserved regardless of
  what else was being discussed, I was involved in
  several days' worth of negotiating towards the
  settlement.
  - Q. All right. But am I understanding that you cannot discern the difference between April 29th and then the following week, or do you recall being there on April 29th?

- A. I believe that I -- I believe that I was there for a number of days in a row talking about nothing other than attempting to settle the case.
- Q. Okay. And I take it they run together and it's hard at this point to figure out which day was which. Is that what you're telling me?
- A. Yeah. Because here's -- here's where my confusion lies. I -- obviously I know that we did not have a hearing, per se, because we were representing to the Public Service Commission that it was settled. What I don't recall off the top of my head is whether or not we were at a point where we were close to settling the case when this was originally going to be scheduled, or whether the bulk of these discussions that I took place in actually took place after the case was originally going to be scheduled for hearing. That's where my confusion

1 lies.

Q. All right. Let me see if I can give you some dating that will help you. April 28th was the informal conference. The parties did not formally meet, although there were discussions, on April the 29th. There were no discussions with all the parties on the 30th, although there was some discussion among the interveners, some of them, and LG&E personnel. That was the week's events of that week.

In the subsequent week, the parties did not meet on May the 3rd, which would have been Monday, but did meet May 4th, 5th and 6th, Tuesday, Wednesday and Thursday.

A. Right.

Q. All right. And finally I'll represent to you there was hearing on May the 12th. Those were all dates of either negotiation or hearings or both. Using that as a frame of reference, do you have a sense of, one, did you attend all the sessions? Let's start with that.

A. I would -- here's -- I recall -- to the extent I thought my client had a direct interest in what was being discussed as opposed to a potential discussion on an issue or issues that my client

really did not have a direct interest in, I

participated in a great deal of settlement

discussions. And when I participated in them, to my

observation and recollection, they involved every

party that was -- that was a party to the case. With

respect to other potential side meetings, I'm not

aware of how many of those took place or actually

when they might have taken place.

1.7

- Q. Were you aware that side meetings were -- were occurring?
- A. It would be my general observation that perhaps some of the parties had issues that -- that did not involve my client, and they were -- my observation was they appeared to be discussing those with other parties to the case, but not necessarily with anyone from the commission staff being present.
- Q. Okay. And were those discussions reported back to the group as a whole?
  - A. That was my general impression, yes.
- Q. All right. Okay. Did you -- am I taking this correctly, that you only had an interest in limited issues? To that end does the term "revenue requirement" mean anything to you?
  - A. Excuse me?
  - Q. Does the term "revenue requirements"

1 mean anything to you?

2 A. Yes.

2.3

- Q. Okay. I take it Lexington-Fayette
  Urban County Government was interested in the revenue
  requirement issues as they related to KU.
  - A. That's correct.
- Q. Okay. Anything else would have been -- would there have been any other issues of interest to Lexington-Fayette Urban County

  Government --
- A. Our primary interest in the case, other than obviously trying to keep the overall rate increase as low as possible, is we are the -- we are the largest public street light consumer of Kentucky Utilities. So we had a specific interest in attempting to keep the rate increase for streetlights, and "streetlights" meaning street lighting and not traffic lights -- keeping streetlights as low as possible.

And we had other significant categories of classifications where, although we were not, per se, the largest consumer, we had enough significant accounts with Kentucky Utilities of those types of classes where we were attempting to try to limit the rate increase to those particular classes.

All right. 1 Q. So somewhat I'm telling you is we 2 Α. had -- we had specific classes of customer -- utility 3 customer bases that we were trying to limit the impact of the overall rate increase. 5 Do you recall having discussions with 6 Ο. KU and LG&E personnel in the settlement conference 7 room, hearing room 2? 8 9 Α. Yes. You participated in those. Did you 10 Q. participate in any sidebar meetings with 11 representatives of KU and LG&E? 12 I would have had a limited number of 13 sidebar issues potentially with legal parties for --14 or the legal staff -- or the legal -- the law firm 15 that represented Kentucky Utilities. I don't think 16 that -- I guess -- I guess to some extent there was 17 some limited discussion with some of their experts on 1.8 some of these issues for clarification purposes, and 19 these all took place in the same room that all of 20 21 these other discussions were taking place in. Okay. Hearing room 2. 22 Q. 23 Α. Yes. 24 Q. All right. Using this time line,

May 4th, 5th and 6th, did you have any realization

that at some time on one of those days the parties -all parties were in agreement on all items, including
revenue requirements?

A. My recollection is that -- I believed all parties were in substantial agreement, and I believed that the attorney general -- whether it was on this issue or other issues, I don't really remember off the top of my head. But I believe the representatives for the attorney general made some representation that they needed to obtain, quote, unquote, final authority on this, but they thought that this -- that this thing was pretty much settled.

Q. Okay. And using May 4th, 5th and 6th as the dates, can you pick -- or does your recollection allow you to focus in on what date you remember that conversation?

A. No.

1.6

Q. Okay. Do you recall a time during those three days that you learned that the attorney general was no longer in agreement with the parties on settling all the issues?

A. Well, I was there when I became aware that the attorney general was not in agreement, but I cannot recall on which particular date it was.

Q. Okay. And tell me how you became

1 aware.

1.4

- A. I first became aware that when -- when Dennis Howard made an announcement at the -- at pretty much this room 2 type of discussion.
- Q. Okay. And what do you recall him saying?
- A. I recall him saying that the attorney general was -- was not going to be a party to this, and there was some general suggestion that there might have been some untoward event going on with respect to -- with respect to settling the case.
- Q. Okay. And you learned that from Mr. Howard in the room?
- A. Yeah. That's -- to the best of my recollection, that's the first I heard of it.
  - Q. All right. Let me --
- A. And my recollection also is I believe at some point in time the attorney general came over to -- so, you know, it's possible that that happened earlier, but I -- my recollection off the top of my head is I believe Mr. Howard made a representation that the attorney general had a problem with settling this thing. And then my recollection is either shortly thereafter or possibly the next day the attorney general himself had some sort of press

```
conference with respect to -- to this particular
1
2
     matter.
                    Okay. Focusing in on the next day,
             Q.
 3
     let's call it May the 5th, do you have a recollection
     that a staff member went on the record at the
     beginning of the hearing day stating that he had
 6
     overheard an interview with the attorney general on
 7
     the radio when the attorney general had made the
 8
     accusation that there was ex parte, collusive and/or
 9
     inappropriate behavior going on at the Public Service
10
     Commission? Were you present in the hearing room
11
     that day?
12
                     I more than likely was, but I don't
13
             Α.
     specifically recall that -- that being said.
14
     quite possible it was.
15
16
             0.
                    Okay. Subsequent to that, do you
     recall the chairman of the commission going around
17
18
     the room and requesting to know whether or not people
1.9
     were aware of ex parte, collusive or inappropriate --
20
             Α.
                     I do.
21
             0.
                    All right. And did you participate at
22
     that point?
23
                     T did.
             Α.
24
                    And what was your response?
             Q.
25
             Α.
                    My response was that I was not aware
```

of any type of activity. 1 Okay. Now, since that point in time, 2 Q. have you been made aware of any ex parte, collusive 3 or inappropriate behavior that occurred in this 5 process? 6 Α. In this case? Yes, sir. 7 0. Α. None. 8 With regard to your contacts, 9 Q. Okay. did you at any time, other than in the hearing room 10 11 for the settlement negotiations or as part of the record, have any communication with staff members 12 about the rate cases? 13 I don't -- I don't believe so. 14 Α.

mean, I know some of the staff members over there better than others, and I don't -- I think this was Richard Raff's case, if I remember right. And I don't -- I don't know Richard that well, so I don't believe I probably had a conversation with him about anything. And I did not have a conversation with any of their other staff members.

Q. All right, sir. And do I take it from your earlier statement that you've never had a conversation about the rate cases with any commission member?

1	A. I've never had a conversation with any
2	of the commissioners about anything.
3	Q. All right. Did you yourself witness
4	anything during these procedures that you thought was
5	an ex parte communication or indication of collusive
6	or inappropriate behavior?
7	A. No.
